March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations

March 21, 2012

The Honorable Daniel Inouye
Chair
Committee on Appropriations
U.S. Senate
Washington, D.C. 20510

The Honorable Thad Cochran
Ranking Member
Committee on Appropriations
U.S. Senate
Washington, D.C. 20515

The Honorable Harold Rogers
Chair
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20510

The Honorable Norman Dicks
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Inouye, Ranking Member Cochran, Chair Rogers, and Ranking Member Dicks:

The 1,724 national, state, and local organizations representing transportation, affordable housing and community development nonprofit and for-profit organizations, faith-based and civil rights organizations, and private enterprises in every state and territory, as well as state and local officials in municipal, tribal and state governments, urge you to increase federal investment in our hometowns' transportation, affordable housing, community development, and job creation efforts so the federal government can live up to its obligations as a partner in our nation's ongoing economic growth and recovery. Specifically, we urge you to increase the 302(b) allocation to the Subcommittee on Transportation, Housing and Urban Development, and Related Agencies (THUD) to the highest possible level in fiscal year (FY) 2013.

Although each 302(b) allocation funds valuable programs, the THUD allocation uniquely impacts the well-being of our communities by providing essential seed capital and program funding that allows public and private partners to create much-needed jobs, build transportation infrastructure, provide affordable housing for low- and moderate-income families, and deliver necessary services for lasting community and family economic success.

It is our view that Congress's difficult task of achieving long-term economic recovery requires funding programs with high rates of social and economic return, including those in the THUD bill. The THUD allocation was cut deeply in FY 2012 and is expected to result in lost jobs and halted development projects amongst other detrimental impacts. Merely sustaining the FY 2012 THUD 302(b) allocation level would generate little overall savings for the federal government and would have harmful consequences at the local level.

Moreover, we oppose further overburdening the THUD allocation by legislation that would shift costs that are currently on the mandatory side of the budget to the discretionary side. We also urge the Committee to continue to direct revenues generated within the Department of Transportation and revenues generated within the Department of Housing and Urban Development to programs administered by those departments.

Each undersigned organization recognizes that to build the kinds of stable communities that families of all income levels can call home, no single aspect of the THUD budget can be ignored. As members of the Appropriations Committees, and more importantly as elected representatives of your hometowns, we urge you to take a stand for investing in the success of America's communities by increasing the 302(b) allocation to the Transportation, Housing and Urban Development, and Related Agencies Subcommittee to the highest possible level in FY 2013.

Sincerely,

National Organizations
