## National Housing Conference's Solutions for Affordable Housing

Elevate your organization's profile and actively participate in the conversations that are shaping the future of housing by sponsoring this year's *Solutions for Affordable Housing* event.

*Solutions for Affordable Housing* explores key national housing issues and the interplay between the federal and local policies that shape them. Our focus is on housing priorities that are *tangible, impactful, and achievable*. Speakers regularly include senior members of presidential administrations, members of Congress, federal regulators, and local elected officials. Join a diverse group of housing professionals, policymakers, researchers, and advocates for a full day of engaging content that will inspire attendees to think of new ways to advance their organization's mission while also considering the nation's larger housing policy challenges.

### About the National Housing Conference

The National Housing Conference (NHC) is the oldest and broadest coalition of affordable housing leaders in America. A diverse continuum of affordable housing stakeholders, NHC convenes and collaborates through dialogue, advocacy, research, and education to develop equitable solutions to serve the common interest.
