About Us

Elevate your organization's profile and actively participate in the conversations that are shaping the future of housing by sponsoring the National Housing Conference's (NHC) ***Solutions for Affordable Housing*** convening.

This convening serves as a platform for fostering connections among a diverse range of affordable housing stakeholders, encompassing officials from municipal bodies, charitable foundations, non-profit organizations, real estate developers, lenders, and beyond. Our focus is on housing priorities that are tangible, impactful, and achievable.

Attendees will build a deeper understanding of key national housing issues and the interplay between federal, state, and local policies that shape them. Sessions will provide participants with valuable insights to enhance their understanding of how their organization's objectives align with the broader national housing strategy.
